EXPERIENCE

RSE IT Solution Link   Mar 2024 – May 2024
OJT (React JS)
- I completed hands-on OJT in React.js for industrial-level projects, such as a student website. I built dynamic, responsive web applications and gained experience in state management component-based architecture.

PROJECTS

Portfolio Link
- Projects demonstrating expertise in UI, from innovative web design to intricate designs. Explore a curated selection of work highlighting creativity, technical skills, and problem-solving capabilities.

Fee Management System Link   Feb. 2023 – April 2024
- Transformed the fee collection process for educational institutions by creating and deploying an advanced Fee Management System.
- Launched a comprehensive Fee Management System, automating fee collection for educational institutions, which reduced administrative workload by 40% and increased payment processing speed by 60%.
- **Technologies** : [HTML, CSS, JavaScript, Bootstrap]

AirBnb Link   Sept. 2024 – Present
- Created a full-stack Airbnb-like application called 'Wanderlust'.
- Developed key functionalities, including user login and authorization.
- Engineered and redesigned the app interface, enhancing responsiveness and user experience.
- **Technologies** : [HTML, CSS, JavaScript, BootStrap, Node.js, Express, MongoDB]

INTERNSHIP

Web Development - Codesoft Technologies Link   July 2024 – Aug 2024
- Worked on completing a web development internship, creating responsive portfolio and landing page websites using HTML, CSS, JavaScript, and React.js, while focusing on modern UI/UX design principles.
- Worked on different projects such as Portfolio, Landing Page, and Calculator.

Process Associate - DhanInfotech Nagpur   Aug 2023- Nov 2023
- Analyzed inspection data to detect material defects and trends, creating comprehensive reports that enhanced quality control processes and resulted in a 20% reduction in defective products.

TECHNICAL SKILLS

- **Frontend** : HTML5, CSS3, Bootstrap, JavaScript (ES6+) & React Js
- **Backend**: Node Js, Express Js, Restful API
- **Database**: MongoDB, Mongoose, CRUD Operations, SQL
- **Programming Languages**: C & C++
- **Git Control**: Git & Github

TRAINING & CERTIFICATION

Certified Course in MERN Full Stack Web Development from Apna College   June 2024 – Present
